

OPEN LETTER to the president Joe Biden

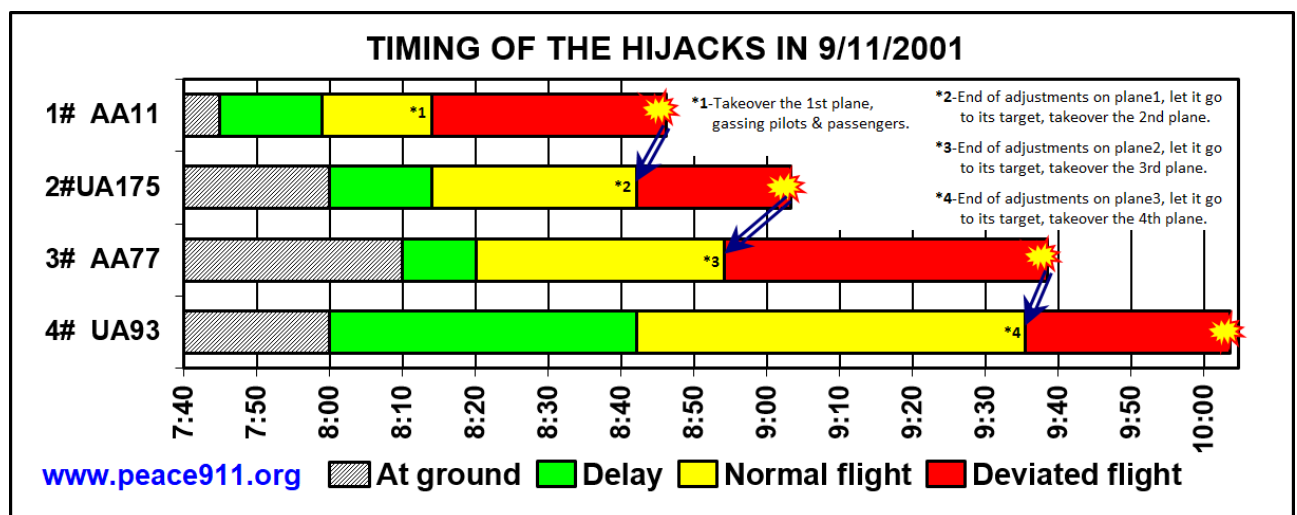

Dear Mister President,

On this horrible 20th anniversary of 9/11, my thinking goes to the direct and indirect innocent victims of these attacks. May their souls be in peace. But we can be doubtful on this, since the world is not in peace. Anyway, you made a small step for peace by removing your army from Afghanistan.

But peace is only possible by justice. There is huge injustice in recent history of USA and it prevents the world from being in peace. The blame of the attacks of September 11, 2001 on Muslims is this huge injustice.

Today, 20 years after the attacks, USA government did not produce strong factual evidence that proves Muslims made these horrible attacks. Without this evidence, we Muslims are rejecting this blame. We are ready to accept this blame and apologize if you open the archives and prove the allegations of Bush administration.

I did not wait 20 years to make you this request. I studied the evidence and get to the conclusion that the planes were controlled successively by one remote team. They used cruise missile technology! This graphic represents the actual times of the hijacks and proves that succession.

The red bars represent the flight times during the hijacks. These red bars are clearly following each other. That succession is impossible to make with 4 teams who were unable to communicate after take-off. But it is an obligation when the planes are hijacked by one remote team using such technology. Such a remote team can manage only one plane at a time, they are obliged to hijack the planes successively, one after another. That criminal technologic team was internal to USA; no Muslim country or group had such technology in 2001.

It is useless to linger more in that short letter. I will be glad to answer all your questions. Keep in mind that everything is consistent with that scenario. Your predecessors, Bush, Obama, Trump and you already received this graphic of the succession of the hijacks by letters in the White House. You all remained silent; you have no explanation for this succession of the hijacks. None of your official reports explained this succession. And this is one of the first information to check.

Who made these attacks? The first preparations were in 1997. The company "Urban moving systems" was created in April 1997 for the logistics of the attacks. The PNAC (Project for the Nez American Century) was created in June 1997 for the design and management of the attacks. Both were founded by Israelis Zionists. Netanyahu became PM of Israel in June 1996. Soon after, he ordered to make such a huge attack. PNAC designed the scenario like a movie script. The controller of the first two planes, Peter Zalewski, was part of this technologic team. He blatantly lied in his testimony before the members of the commission. That was at about 3.00 am on September 24, 2003. All the official reports (Commission, NIST, FEMA, ASCE) are full of lies. All conspiracy theories are full of lies and deception.

All that means the criminals who made the attacks of 9/11 are NOT Muslims; they are Americans and Israelis under the orders of Netanyahu. During the last 20 years, USA was attacking innocents Muslims, and protecting the criminals of 9/11. That is not the way for peace in the world.

It is your job to make actual justice for direct and indirect innocent victims of 9/11. Sooner you make justice,

sooner peace will be set in the world and the souls of the victims can rest in peace. But USA failed to make justice for 9/11.

Yours Sincerely.
